

NORTHERN MARIANA ISLANDS
EARLY ADOPTION
TECHNOLOGY CONFERENCE
SAIPAN, OCTOBER 17-21, 2018

CONNECTING COUNTRIES | STATES | TERRITORIES
THROUGH SHARED CHALLENGES

The COMMONWEALTH of NORTHERN MARIANA ISLANDS (CNMI) **GLOBAL POP-UP HACKATHON**

Featuring: Neil Sahota, United Nations AI Advisor and Inventor and other Global Leaders

**STUDENTS FROM ACROSS THE GLOBE
COLLABORATE ON SOLUTIONS TO KEY CHALLENGES**

Participation Eligibility

High school and college students
(in teams of 3-5) interested in ways
technology can help isolated communities
today and in the future

Participation Benefits

- **Advanced understanding** of the ways innovative technology will impact lives and communities in the near future
- **Expanded networks and connections** with young people around the world eager to shape Industry 4.0 and the tech landscape in remote regions

Challenges:

- ✓ How might Artificial Intelligence (AI) and innovative technologies be used to prepare CNMI and isolated communities for the 4th Industrial Revolution?
- ✓ What strategy could be implemented to close workforce skills gaps in CNMI and isolated communities?

Timing & Agenda:

1. Pre-HACKATHON virtual seminars led by AI and technology experts:

- ✓ "What is AI, how is it being used today and in the future?" led by Neil Sahota
September 11, 2018 from 3:00 - 4:00 pm ChST
Join at <https://zoom.us/j/833812890>
- ✓ "How AI is used for labor market analysis and non-formal training?" by Anu Passi-Rauste
September 17, 2018 from 3:00 - 4:00 pm ChST
Join at <https://zoom.us/j/605588124>

2. Global Pop-up HACKATHON

✓ **October 17-21, 2018**

Solutions presented live via video conference with participants from the USA, Europe, Africa and Asia. *Link will be provided later.*
